Instructions for use

1. Please find two USB ports available in your system
2. Please insert the mouse and Spacer keyboard connector in the kit following the correct alignment with the USB port
3. Wait for their operating system to detect and configure them by following the instructions on your system screen.

SPGK-INVICTUS mouse & keyboard kit functions:

1. Press the key  to turn the keyboard lighting on or off
2. Left mouse button: performs traditional mouse functions such as click, double click and drag
3. Right mouse button: performs the traditional right mouse click function
4. Mouse wheel: Tap and rotate lightly to browse the Internet or explore open documents
5. Press the letter and number keys to enter the desired text or activate the operating system functions.
6. Press the function keys or Fn + F1 ~ F12 to activate their traditional functions (Help, Play, Pause, etc.).

Position the keyboard so that you can comfortably press the keys and have room to support your forearms on the desk. This way you will avoid stress on your wrist.
Preferably raise or lower the support legs on the back of the keyboard.

Packaging content: 1x USB keyboard, 1x mouse, user guide

Precautions

Do not damage the connecting cable. Avoid pulling or twisting the cord where it joins the device. Protect the cable from repeated and excessive bending.

Protect the product from excessive moisture. Do not expose this product to rain or damp air. Avoid spilling liquids, as they may cause electric shock or overheat the circuits. Use a dry cloth to wipe off spills.

Protect the product from fire and heat sources. Keep the product away from fire or other sources of heat (stoves, radiators, etc.). Do not leave the product exposed to direct sunlight.

WARNING: It is forbidden to dismantle the product. Attempt to repair this product is not recommended and leads to cancellation of the warranty.

Disposing of the product. Do not dispose of the product or other electronic components with your household waste. Use only specialized electronic waste collection centers.

WASTE DISPOSAL:

The adjacent symbol indicates that your product and / or its battery must be disposed of separately from household waste in accordance with local laws and regulations. When this product reaches the end of its life, take it to a collection point designated by the local authorities. For information about the local collection centers, please contact the town hall of your locality or access the page www.ecotic.ro

We hereby declare that our product is in compliance with Directive 2014/30 / EU.
